

ALEXIS RODRIGUEZ

JUNIOR FULL STACK DEVELOPER
📍 ARGENTINA | 🌐 AVAILABLE FOR
REMOTE WORK

PROFESSIONAL PROFILE:

Full Stack Developer with 3 years of self-taught training and experience developing real-world SaaS projects. Proficient in frontend and backend development using TypeScript, with a slight backend focus, REST API development, and modular monolithic architecture, working with relational databases. Currently developing software solutions for the healthcare sector, focused on solving real-world problems and optimizing processes. Seeking to join a team where I can continue learning, contribute, and grow professionally.
